COACHBUILDER INFORMATION UPDATE

Date: July 26, 2012
Bulletin Number: XTS 04
Subject: XTS Interior and Exterior Color – **SPECIFIC COLORS FOR PV UNITS**

By now you should have received the XTS interior and exterior color charts. Historically, these *retail charts* have been provided to you as reference for your customers. To avoid any confusion with your professional vehicle customers, please note the specific color options for PV chassis:

- Exterior Colors: ALL retail colors, **PLUS** Summit White
- Interior Colors: **ONLY** Jet Black and Shale with cocoa accents

Specific information for professional vehicle chassis can be found in the online order guide at www.gmfleet.com. To access the color/trim combinations, click “Fleet”, then “Online Order Guide”, then check “2013 and Cars/Light Trucks”, then “Cadillac logo”, then, “print book”, then “XTS Professional Vehicles”, then “color and trim”.

If you have any questions or concerns, call Joe Pennington at (248) 808-0854.
